

# Artificial Intelligence

# Decision Tree Learning Lab

10/07/2002

# Preparation

---

- Login to your favorite cs.umb.edu system
  - e.g., u7.cs.umb.edu
- Create a new directory named ‘dcl’ either in the class account or your home directory and issue the following command

```
mkdir dcl
```

```
cd dcl
```

```
cp ~wjpaik/C50Release1/Data/* .
```

```
ln -s ~wjpaik/C50Release1/bin/* .
```

# Preparation

---

- Read the explanations and follow the instruction depicted in the C5.0 Tutorial:
