

Term Project Phase III: Final Report

(100 points)

Due Date:

Deadline: 3:00 PM Thursday May 19, 2016

Educational Goal

To learn the process of applying machine learning to a challenging real-world problem.

Requirements

At this phase, you will summarize what you have done in the Educational Data Mining project and report your results to the class. Each team will have 20 minutes including Q&A. We will decide the presentation sequence at the beginning of the class on May 19, 2016.

Grading Criteria

- Tasks that have been done including both tasks that succeeded or failed (30%)
- In-depth discussion of the machine learning method (30%)
- Detailed discussion of experimental result (30%)
- Cooperation among team members (5%)
- Time management (5%)

Submission Requirements

1. One submission per team with **the team web site URL as the text**.
2. Submit all the scripts you used for this project from Phase II to Phase III.
3. Prepare PPT slides in PDF file of **20 minutes presentation** to report your results from Phase II to Phase III. Name the PDF of your presentation slides as **teamleadlastname_firstname_TeamName.pdf**.
4. **Each team's presentation will be evaluated by the other teams in the class.**
5. Submit a single zipped file of all the files of this assignment through your Blackboard account. Submit the paper copy including the slides and scripts. Paper copy should be bound firmly together as one pack (for example, staple, but not limited to, at the left corner). 5 points will be deducted for unbounded homework.
6. No hard copies or soft copies results in 0 points.
