

Programming Assignment 1

(100 points)

Due Date: 6:59 PM Wednesday, February 1, 2012

Educational Goal

Become familiar with basic Unix commands and Java compilation.

Requirements

- Create folder *hw1* under your *it114* folder.
- Create HelloWorld.java (<http://introcs.cs.princeton.edu/java/11hello/HelloWorld.java.html>) including the comments and source code provided by the example.
- Compile HelloWorld.java and generate HelloWorld.class under the same folder (/it114/hw1).
- Run HelloWorld.class.

Submission Requirements

1. hw1 folder, HelloWorld.java, and HelloWorld.class must be created under your Unix account **before** the submission deadline. **Zero points for late submission.**
2. Turn in the paper copy of **the source code, outputs of the program, and the completed cover page** in class. **Paper copy should be bound firmly together as one pack (for example, staple, but not limited to, at the left corner). 5 points will be deducted for unbounded homework.**
3. No hard copies or soft copies results in 0 points.
