Term Project: Term Paper Submission (200 points)

Term Paper Due Date: 11:59 PM EST, December 21, 2008

Educational Goal

To develop skills of using Artificial Intelligence algorithms for solving practical problems.

Requirements

- The term paper should have a length of 6 page (single-spaced, 2 column, 10 point font, and at least 1" margin on each side). Authors should use US Letter (8.5" x 11") paper size. Papers must have an abstract with a maximum of 300 words and a keyword list with no more than 6 keywords.
- The term paper must have, but not limited to, sections of introduction, related work, method proposed, experiment design and experimental result analysis, conclusion, and reference.

Submission Requirements

1. One term paper per team.
2. No paper copies are required. Convert your term paper into a PDF file. Submit the softcopy through your UMassOnline account at http://boston.umassonline.net/index.cfm.
3. Name your file with AI_ team#. For example, Team 1 names their file as AI_team1.pdf.
