

ClassProj2 – Website Contributions

[-https://umb-410-apple.github.io/Apple/](https://umb-410-apple.github.io/Apple/)

Role: Developer / Team Coordinator

Summary of Contributions:

- Improved and refined the website's structure, layout, and CSS for a consistent, modern design.
- Added glowing nameplate, animated golden hover buttons, and profile section enhancements on personal section of the website.
- Developed my personal website and integrated it seamlessly within my profile area.
- Helped teammates test and finalize design elements for different sections of the site.
- Contributed ideas to improve overall web page layout, color theme, and navigation flow.
- Assisted with GitHub collaboration, including branching, merging, and resolving conflicts.
- Coordinated Scrum-style meetings to discuss weekly progress, commits, and artifacts.
- Supported version control workflow and ensured all pages linked correctly to teammates' info files.

7 Commit f1a64bc - Linked Personal Website
8 Author: Vraj Soni <vraj@vrajsoni.com>
9 Date: Oct 14, 2025
10 Description:
11 Linked my personal website from the "About Me" section. This ensures that visitors can navigate easily to my personal
12 portfolio. Added smooth transition effects on the link button for a professional user experience.
13
14 Commit 52c0958 - Updated Image
15 Author: Vraj Soni <vraj@vrajsoni.com>
16 Date: Oct 9, 2025
17 Description:
18 Replaced my previous profile image with an updated one. Applied a custom glowing border animation using CSS keyframes
19 for a dynamic visual effect consistent with the site's theme.
20
21 Commit 4ed1244 - Added Profile Picture
22 Author: Vraj Soni <vraj@vrajsoni.com>
23 Date: Oct 7, 2025
24 Description:
25 Inserted my profile picture within the grid layout of the "Meet the Team" section. Verified responsiveness and
26 alignment consistency with other team members' profiles.
