

# Team3 - Green Thumb

Raneem Abuhasan

# My contribution to the team:

**Teams Scribe:** Documenting what the team discusses, and works on each class day. Examples: decisions, tasks completed, and progress.

**Product Owner:** I am responsible for communicating with our client while still collaborating with both the development of the product, to ensure the product meets the client's needs.

**Home Page:** Created a welcome page message, and a small description of what the website is about.

**About Page:** Addresses the goals of our website an addition to creating three sub columns discussing the motivation and guiding values, what makes our website special, and tips for sustainable living

## Welcome to Green Thumb

A place where we can make environmentally conscious choices by offering reusable, eco-friendly products that reduce waste and support a greener lifestyle!

### About Green Thumb

Green Thumb is an online marketplace dedicated to promoting environmentally conscious living. Our goal is to make eco-friendly and reusable products more accessible, helping people reduce waste and make small everyday choices that support a greener planet.

#### Motto and Guiding Values

At Green Thumb, we believe that small choices can create lasting change. Our values are rooted in sustainability, responsibility, and encouraging everyday habits that protect the environment for future generations.

#### What Makes Us Special

Green Thumb stands out by offering products that are both practical and eco-friendly. We focus on reusable items that fit naturally into daily life, making sustainable shopping simple, meaningful, and accessible for everyone.

#### Tips for Sustainable Living

- Use reusable bottles, bags, and containers.
- Choose products with less packaging.
- Reuse items before replacing them.
- Make small changes consistently over time.
