Chris C

Group: (B4) Green Thumb (Nicholas C, Daniel C, Kameron D, Evan L, Stevens L)

March 12, 2026

Role for team website:

- Create Cart & Checkout page on team website
- Cart page updates automatically when products are added or removed
- Payment system
- Using HTML and JavaScript and CSS

Topic for paper:

- Advanced data analytics in sports.

GitHub team project contributions:
https://github.com/B4GT/GreenThumb/blob/main/HTML/Cart.html

Or check server at:
/home/hdeblois/public_html/cs410/longproj02/t4/cart.html

Work on initial website so far:
- So far I've made a 'cart.html' file that displays a cart page with the price and button that will proceed you to the checkout page.
