Muhammad Khushnood - CS Website Tour
And Update - Team b7
https://b7cstour.github.io/LongProject1/

Requirements:
1)check if information is outdated.
2)Verify course requirements.
3)Check for broken links.

Reviewed the CS department website, identified some outdated content across different sections and documented them in a table.

Research Topic: How GitHub supports university CS website Updates.

Outdated Information Check

Checked: **https://www.cs.umb.edu/** — reviewing page content for outdated information.

#	Section	What Was Found	Why It's Outdated	Status
1	Resources Menu	Link labeled "Dreamspark/Microsoft Imagine"	Microsoft rebranded this to "Azure Dev Tools for Teaching" — old name no longer used	Outdated
2	Research News	Latest research post is from Sep 2024	No research updates posted in 2025 — may need new content added	Outdated
3	Home Page	News and Events sections present	Most recent news is Sep 2025 — content appears reasonably current	OK
4	Facilities Page	Needs manual check for McCormack 3rd Floor update	Department moved in 2021 — verify page reflects current location	Outdated
