Name: John Dixon

Team: B7

Project: CS Website Tour

- Code: B7CSTour/LongProject1
- Team Website: CS Website Tour

My Responsibility: Facilities and Locations Update

Goals for the Role:

- Providing information on the location of all CS facilities on campus and its resources, including labs, offices, classrooms, and the front desk

- Having easy to understand instructions for finding rooms located in Wheatley & McCormack

- Updating the locations of facilities as they change and its availability

Research Topic: Network Security in Linux Servers
