- Mamaar
- Suraj
- Igor

Research paper :cloud computing
and web development

Artifact: <https://www.cs.umb.edu/~hdeblois/cs410/longproj02/t1/Mamaar/logos>

Code : <https://github.com/BI Dig>

Website: <https://www.cs.umb.edu/~hdeblois/cs410/longproj02/t1/we>

My responsibility:

Using HTML, CSS, and

_My responsibility was to create a rotating Ads using logos I downloaded.

_Create an animation where the group of <div> images of svg files.

_Make the rotating ad stop when I hover on it.
