T-Shaped Skills

Link to nnn.txt:

<https://www.cs.umb.edu/~james001/>

- **Strong with:**
 - Java
 - Problem Solving
 - Data Structures
 - Algorithm Design
- **Familiar With:**
 - Account security
 - Basic JavaScript coding
 - Basic HTML coding

How They Evolved:

- Backend Development
- Password security using CORS
- JavaScript framework Node.js
- HTML
- Database creation and utilization using SQL queries

SERVICE NAME <small>2</small>	STATUS	RUNTIME
 <u>Server</u>	✓ Deployed	Node
 <u>database</u>	✓ Available	PostgreSQL 18

Additional Plans

- Continue moving data to the database
- Meet with client once more to receive further validation
- Help polish the website
