

Nhu V. — Digital Signage, Team 6

- **Deployed Site:**
<https://cs.umb.edu/~hdeblois/cs410/longproj01/t6-DS/>
- **My Branch:**
<https://github.com/A6Dig/cs410-digital-signage/tree/dev-nhu>
- **My Commits to Main:**
<https://github.com/A6Dig/cs410-digital-signage/commits/main/?author=CompSciOmanjuu>
- **My Artifacts are Located Here:**
/courses/cs410/s26/hdeblois/GROUP2/longproj01/t6-DS/nhu_artifacts

I largely worked on this Device Management page implementing these features:

- Register Devices
- Create & Delete Groups
- Edit Device Group
- Show Device Online

T-Shaped Skills

html

Git

React

UI Design

markdown

Original nnn.txt located at:
/home/teacup/1134.txt

Original Preferred Skills:
C, html, CSS

Javascript

CSS

Research Paper on Role of Scrum Masters Located At:
</home/teacup/cs410/1134.pdf>

Additional Plans:

- Fixing layouts on Device Management page
- Implementing "View" button for Devices
