T-Shaped Skills

Broad Skills:

- Collaborating with a team
- Adapting to project requirements
- Improving my navigation skills with the CS server and GitHub

Deep Skills:

- Writing HTML for structuring web pages
- Developed JavaScript skills for backend development
- Developed CSS skills for styling

Additional comments or plans

- Continue to upgrade the styling for the Cart and Checkout pages
- Add images next to the items inside the cart for a better display
- Add features like order history for better user experience

Rpaper:

- `/home/chris7c/cs410/rpaper.pdf`
