Name: John D

- Team B7: CS Website Tour
- Team Website: [CS Website Tour](#)
- Team github: [B7CSTour/LongProject1](#)
- My Code: [LongProject1/Facilities.html](#) at main · [B7CSTour/LongProject1](#)
- Artifacts: [/courses/cs410/s26/hdeblois/GROUP2/johnd](#)

My Contribution: Facilities and Locations Update

- Location of the Department Building and CS Labs on the same page
- Descriptions for each location
- Image for finding the CS Department included

T Shaped Skills

Broad: Front-End Development (HTML),
Communication, Testing/Debugging

Deep: Object-
Oriented
Programming,
Critical Thinking,
Adaptability

Initial Comments are
Found in:
</home/johnd/7618.txt>

How They Evolved:

- Front-End Development becoming a skill over time.
- Group project improving my communication

Additional Comments/Plans

- Add an image for CS Labs Location
- Make changes to website requested by the client
- Research Paper: Neural Networks Refinement of Network Security
- Research Paper Link: </home/johnd/cs410/7618.pdf>
