

# HELLO !

My name is

KAMERON D. 🇺🇸

My

Team

## GREEN THUMB 🇺🇸

DATE:

05/05/26

My Contributions:

- Handling styling
- Handling github related things
- Addressing issues in the code
- Talking through ideas and implementations with my teammates

GitHub:

<https://github.com/B4GT/GreenThumb>

Artifacts:

</courses/cs410/s26/hdeblois/GROUP2/longproj02/t4>

Deployed:

# My T-Shaped Skills

Coming into  
the class

Git/GitHub, Adaptability,  
Giving Feedback

WD, Communicating,  
SDLC

My earlier thoughts on my  
skills coming into this class.

</courses/cs410/s26/hdeblois/GROUP/cs410-02-nnnn-From-R01/R01KameronD3646pdf>

After taking  
this class

Giving Feedback, Backend,  
Time Management

Git/Github, Adaptability,  
WD

# Additional Plans:

Growing and getting better does not stop after this class and or semester. It is important to continue to be flexible and adapt to an ever changing field that is computer science.

I have learned a lot not only in this class, but all my classes this semester about how to communicate with my teammates. How to coordinate, how to trust, and how to get better at taking initiative.

Here is a link to my research paper :)
