

# Ramsa 0

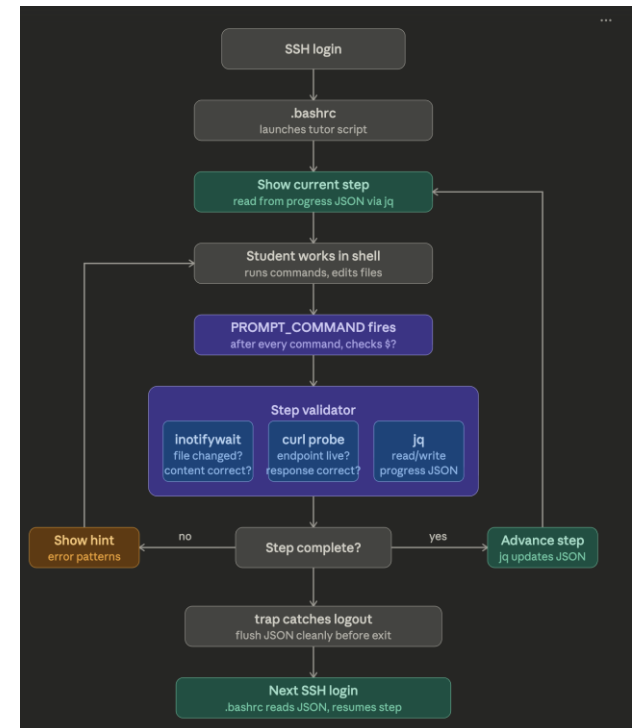

## Team B8 – Explore Minnie

### Contributions;

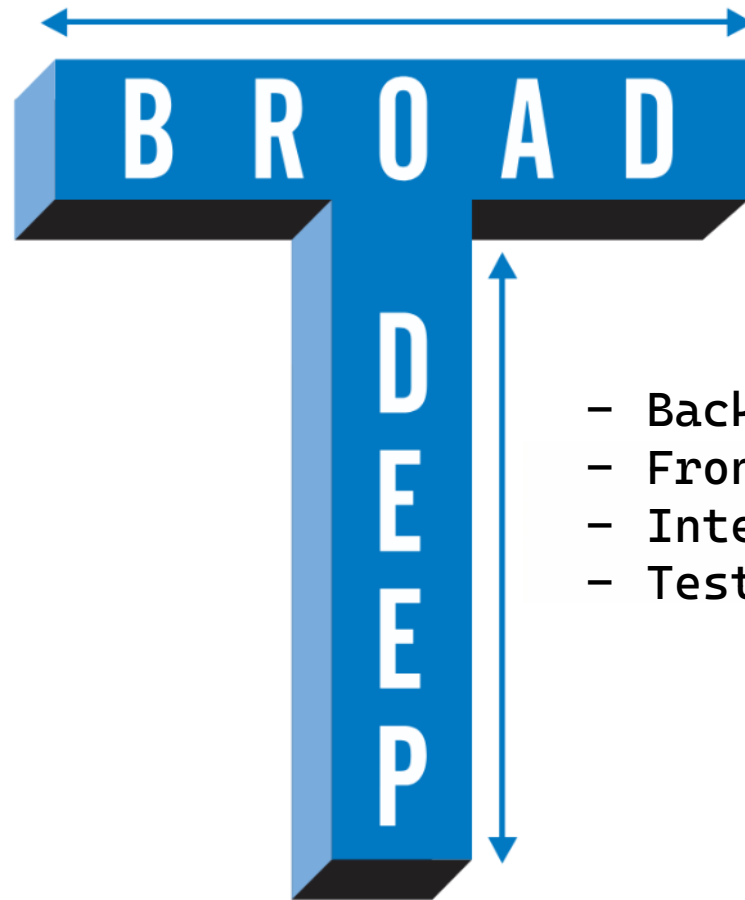

- Coordination of git branches, creation, merging, rebase
- Developed the ‘brains’ backend
- Django Env setup
- Provisioning the BIGGIE virtual machine

### Links

- GitHub Project: <https://ghub.com/B8ExploreMinnie>
- Artifacts: ~/ramsa/longproject
- Deployed site: to-be-hosted-on-BIGGIE

- Scripting -> JSON, Python
- Collaboration and communication
- Sprint planning agile/scrum style

- Backend -> brains and backend
- Frontend -> Django-Vite
- Integration -> merging react+pyhhon
- Testing

# Future plans:

- Run Django server on BIGGIE
- Setup cron jobs to restore/backup the vm
- Minnie website with easier to follow prompts
